Subject: Request for Registration Fee Waiver

Dear Sir,

I hope this letter finds you in good health and high spirits. I am writing to request a waiver of the registration fee for the publication of my research paper #1570955230 entitled "Quad Ways for Polar Coded HARQ" which has been accepted as a **REGULAR PAPER** for presentation at the PakSec2023 that held in a hybrid way, on 21-24 December, 2023, Wuhan, China, and for publication in its proceedings. I previously submitted a request for a fee waiver for the registration fee but have not received a response. I understand that conference planning can be a complex process, and I wanted to bring this to your attention to ensure that my request is not overlooked.

I am a dedicated student from a third-world country, Pakistan, pursuing my MPhil degree in Computer Science at Fatima Jinnah Women University, Rawalpindi, Pakistan. My research work, which is aimed at error control in wireless communication especially for low powered, battery operated devices or IoT, has been accepted for presentation at your esteemed conference PakSec2023 virtually. I received your mail for registration fees on 7<sup>th</sup> of November 2023 but unfortunately, due to my current financial circumstances, I am unable to cover the registration fee for the conference.

I firmly believe that my research could significantly contribute to the field and benefit not only my academic growth but also the broader scientific community. A registration fee waiver would not only ease my financial burden but also enable me to share my work with the global academic community.

I kindly request that you consider my application for a registration fee waiver. I am committed to participating fully in the conference and adhering to all the necessary guidelines and deadlines for paper submission and presentation.

I understand that there may be a limited number of fee waivers available, and I would be sincerely grateful for your understanding and assistance. Please let me know if there are any additional steps I need to take or any further information you require.

Thank you for considering my request. I eagerly await your response and hope for a positive outcome.

Sincerely,  
Syeda Aamna Rubab,
